

North Hampshire CCG Five Year Strategic Plan

The North Hampshire CCG has developed a strategic plan which sets out its priorities for local health services for the next five years. The strategy is available in draft format on the CCG website (paper copies can be obtained from the CCG offices). It outlines the CCG plans for improving the health and healthcare of local people for the coming years and details how they intend to achieve them.

The CCG is circulating the strategy document widely with the intention of gaining feedback from patients, the public and other interested parties. Once all the views have been gathered together and used to inform the plan a final version will be published in June 2014.

Local people should send their views/comments on the plan to:

Nhccg.enquiries@nhs.net

Or by post to:
